"DRESSERS OF MEN"

READY FOR PRACTICE. Professor—If a person in good health, but who imagined himself sick, should send for you, what would you do? Medical Student—Give him some-

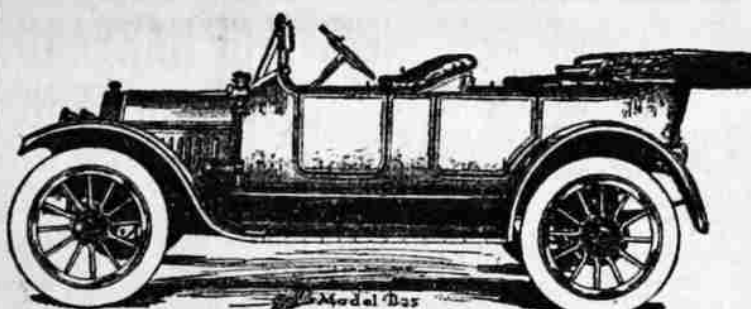

thing to make him sick and then administer an antidote. Professor—Don't waste any more time here; hang out your shingle.—New York Weekly.

## You Can Spend a Jolly Thanksgiving at the Ogden Hot Springs

A Big Turkey Dinner with all the trimmings prepared by expert chefs.

Take a morning plunge in the invigorating pools and be our guest. Your friends will be here. Take Hot Springs car.

## See the 1914 Buick

To all prospective auto buyers we suggest that you call in and see our new 1914 models. The Delco electric starting, lighting and ignition system is built into every car without additional cost. Everybody knows the Buick is the car for service and with the three-quarters elliptic spring, large roomy seats and soft cushions it is the most desirable car on the market. These are some of the reasons why the Buick motor, the backbone of the Buick success, gives the owner not alone "uninterrupted use of his investment," but the "maximum of service for the minimum of cost."

## TENTS ERECTED FOR TWENTIETH INFANTRY GANGS IN THE LOCAL RAILROAD YARDS AT FT. DOUGLASS ORDERED OUT

Increased activity is noticed in the local railroad yards where, as stated by the Standard, extensive remodeling is soon to begin. Several tents have been raised to house the supplies that will be necessary for the crews.

The house which will be used by Assistant Engineer Robinson as the base of operations will soon be ready for occupancy.

Mr. Robinson passed through Ogden today en route to Alexander, Idaho, where one of the crews under his direction have just completed a large piece of work. He is expected to return in a day or two so that active work on the changes and extensions of track can be started immediately after Thanksgiving. Surveyors, who will assist in the preliminary work, are expected to arrive in the city tomorrow.

Among the important improvements to be made which will lessen the danger of accidents at the south end of the yards will be the double tracking of the Union Pacific and Oregon Short Line roads where they enter the city so that the crossing of each other's tracks will be avoided.

There will be a number of changes made in the present position of the freight tracks.

The work on the shop extensions will not commence until next spring.

"Alias Jimmy Valentine," all this week, Ogden Theater.

## BLACKHAND LETTERS HAVE NOT BEEN EXAMINED

Speaking this morning of a report that an expert in San Francisco had examined the letters alleged to have been written by Myrtle A. Smith now being held to await the action of the federal grand jury, and letters received after Smith was placed in jail and that they were not the same handwriting, Postmaster Inspector L. A. McGee stated this morning that it is entirely false.

"None of the letters have gone out of my possession," the inspector said, "and they will not be turned over to the San Francisco experts until I have time to make the trip to California. There has been no examination of the alleged Smith letters by experts since the preliminary hearing. One person, not an expert, has seen one of the letters since the examination."

Special Thanksgiving matinee, 2:30, Ogden Theater.

## QUARTETTE PROVES A WINNER IN THE ELKS' SHOW

More compact in action and fully as enjoyable as the opening production, the "Girl From Paris" was presented again last night before a capacity audience.

As before, the entrance of the Bicycle Girls and their escorts made the first big hit of the show. The young ladies who, in their native costumes, were the center of the charming ensemble were Lella Rich, Ruth Douglass, Leona Engstrom, Irma Moore, Eva Steers, Leah Pardoe, Della Tracy and Vesta Spaw.

While all of the featured numbers received the applause they deserved, the manner in which the "Cock-a-doodle-do" quartette was sung and acted by the Misses Anderson and Bassett and Messrs. Pardoe and Glen, caused the applause and laughter to break all bounds and was pronounced to be the funniest hit in the production and one that has rarely been equaled as a laugh maker on the local stage.

The elaborate finale was carried out with entire success last night, with the electricity in good working order and when, at the back of the darkened stage, the letters B. P. O. E. formed of purple incandescent lights were aglow and the players began to throw paper ribbons into the audience, the picture was one of beauty. A large number of Salt Lake Elks viewed the production last night and pronounced it the best amateur production that they had ever witnessed in the state. The Salt Lake visitors were banqueted in the lodge rooms after the show and Judge Warner, past exalted ruler of the Salt Lake lodge, Abbott McGinnis, present exalted ruler of the Salt Lake lodge, Secretary C. O. DeWolf of the Ogden lodge and Exalted Ruler W. D. W. Zeller made impromptu speeches.

AFTER TWENTY YEARS. The self-made man stalked into the office of a great financier with whom he had an appointment. "You probably don't remember me," he began, "but twenty years ago, when I was a poor messenger boy you gave me a message to carry."

"Yes, yes!" cried the financier.

"Where's the answer?"—Christian Register.

LIFE SAVER.

"So you sold that mule for \$3?" "Yes," replied Erastus Pinkley. "He kept a-beatin' me down an' a-beatin' me down, till finally I jist sold him de mule at his own price. I did n't want to misse de chance of de mule's turnin' loose an' kickin' dat man's stinky head clean off 'im."—Washington Star.

The Twentieth Infantry at Fort Douglass, near Salt Lake City, is about to be ordered to El Paso to patrol the city and release the cavalry now there, to patrol the international border outside the city limits.

The decision to dispatch the infantry was reached today after a request for reinforcements came from Brigadier General Bliss, commanding the border forces.

General Bliss reported uneasiness in El Paso in consequence of the renewal of hostilities below Juarez. He fears disorders in the event of another battle across the border.

## VOLLEY BALLS FOR ALL THE SCHOOLS OF THE CITY

The city Board of Education held a special meeting in the superintendent's room in the city hall this morning, called for the purpose of passing upon several large bills from local contractors and these with other bills for incidental expenses, were allowed. The total amounted to nearly \$7500 most of which was applied to improvements on the Grant school. The monthly payroll amounting to \$12,000 was also approved.

With the exception of part of the plumbing work, the Grant is now in excellent condition. The board also passed upon several recommendations of Superintendent John F. Mills, allowing him to purchase four sets of the "Book of Knowledge," one for the high school and one each for the three sub-high schools. Mr. Mills was also given power to purchase a volley ball for each of the schools. The volley balls have in the past been bought with money secured by popular subscription, but the school board did not like the idea of asking the children for subscriptions and moved that the balls be purchased with money from the general fund.

The superintendent also reported that experiments were being made in the kindergarten departments of the Grant and Farr school with gratonolas. They are being used to do the musical work of the department and eliminate the assistant supervisors. The experiments have thus far proven very successful and it is probable that they will be installed in some of the other schools.

## Society

CHILD CULTURE CLUB MEETS. Yesterday afternoon an intensely interesting meeting of the Child Culture club was held at the home of Mrs. C. H. Stevens, 730 Twenty-fourth street.

A committee of three prominent members take up the question of ridding the city of the unsightly billboards was appointed. Mrs. Thomas Dee is chairman of the committee and Mrs. L. C. Corey and Mrs. Smith will also act.

After a few other business matters were discussed an excellent program was given as follows: Song and encore by Mrs. Stevens; reading, "The Elect Mother," and a recitation by little Miss Helen Sheehan, "The Thanksgiving Prayer." The latter brought forth much praise.

Following the program several pieces from the club's scrap books were read, after which the hostess served a delightful luncheon, covers being laid for a large number of members present.

HOSSESS TO DANCING PARTY. Last evening in the new W. O. W. hall, the girls of the O. U. L. D. club entertained about fifty invited guests at a dancing party. Refreshments were served and an excellent program of music for twenty-one dances was furnished by a four-piece orchestra.

Following are the names of the hostesses: Misses Marie Eccles, Vera Blinton, Laura Lehman, Vilate Fronk, Gertie Wheelwright, Iva Farrell and Ina Stevens.

BENEFIT BALL IN FOURTH WARD. Tomorrow night a benefit ball will be given in the Fourth ward amusement hall. An excellent orchestra has been engaged to furnish dance music and a large crowd is expected to be present. The proceeds will be added to the Sunday school fund.

BIRTHDAY PARTY. The sixty-seventh anniversary of the birth of George Poulter was joyfully celebrated at his home on Grammercy avenue and Twenty-sixth street, Tuesday evening. The evening was spent in music and general social recreation, the party not breaking up until the midnight hour. Those present were:

Messrs. and Mesdames William Pearce, Aaron Jackson, Asa Farley, George W. Larkin, Horatio Hancock, Moroni William Burton, George F. Poulter, William Poulter, Walter Hancock, Mrs. Beers, Mrs. Eliza Grant, Mrs. Francis Burton, Misses Mattie Poulter and Veda Farley and William Farley.

## Deaths and Funerals

PETERSON—Charles E. Peterson was buried from the first ward meeting house yesterday afternoon, the funeral services being conducted by Bishop N. A. Tanner. A large crowd of sorrowing friends and relatives were present and many beautiful floral offerings were placed on the bier and pulpit platform. The speakers

## Our Thanks

We take this means of expressing our gratitude and extending our thanks to the people of Ogden and vicinity for the kind patronage which they have extended us in the past 45 years.

We especially thank all the people who have taken advantage of our 45th Anniversary Sale which has just closed.

Always bear this one fact in mind, that when we advertise a sale and mark our merchandise down, it is a real bona fide sale. We thank you and wish you a happy Thanksgiving.

## JUDGE H. H. ROLAPP BACK FROM THE CONVENTION

After an absence of about ten days, during which time he attended the convention of beet sugar manufacturers of the United States held at Chicago, Judge H. H. Rolapp returned home last evening.

Judge Rolapp states that the convention was a success in many respects and that it was attended by all of the manufacturers of beet sugar in the United States. A committee was appointed to take up the matter of educating the people regarding the effects of the recent tariff legislation to the end that the consumers may demand the retention of at least the duty that is now on the product.

"If the duty on sugar when taken off should go directly to the consumers of sugar," said the judge, "it would amount to only 55 cents a year per capita and if it were retained by the government and turned over to the building of good roads it would furnish a fund of more than a million dollars for each state of the union. By the proposed reduction the government will be deprived of about \$52,000,000 in revenue."

"That it will prove ruinous to the sugar industry is beyond a question and, if the trade feature is enforced, in 1916, there can be but one more crop of beets manufactured into sugar, that of 1914, at a profit, as the 1915 crop will come into competition with cane sugar under free trade."

To illustrate the present competition with cane sugar, Judge Rolapp furnished the following data:

Cost of raw sugar in Cuba, per 100 cwt. \$2.00

Freight to New York . . . . .25

Cost of refining . . . . .1.00

Freight from New York to Missouri river . . . . .35

Total . . . . .\$3.50

Home Product . . . . .3.25

Cost of production . . . . .3.25

Freight to Missouri river . . . . .50

Total . . . . .\$3.75

Judge Rolapp stated that the net profit on the sugar output of the Amalgamated Sugar company this year will be only 22 cents per hundred weight.

He is of the opinion that when the people really understand how damaging the effects of free trade will be on the beet sugar industry, they will remonstrate against its enforcement. He says that already seven beet sugar factories have closed in the United States because of tariff reductions and that others will follow if the reductions are persisted in. Those that have closed are: Two in Michigan, two in California, one in Ohio, one in Colorado, and one in Wisconsin.

L. R. Eccles, manager of the Amalgamated Sugar company, attended the Chicago convention but made a trip to New York before returning home.

Prince Goodwin Bevan of England, formerly a farm laborer, inherited \$1,000,000 and bought a 200-acre estate in the county where once he was employed.

Carroll L. Riker, a Brooklyn engineer, is busily working on plans for reducing the Mississippi's annual floods to comparative harmless. He holds that it is possible to change the whole course of the Gulf Stream in a way calculated to make a great improvement in the climate.
